

Aqua Super Sheen Metallic Series

PRODUCT DESCRIPTION

This series of aqueous metallic inks are formulated for printing by flexographic and rotogravure processes, as well as other coating equipment. The dried ink film may also be overprinted with lithographic inks and other coatings. This series is formulated to provide high performance adhesion, flexibility, gloss and rub resistance on label paper and film, including PE, PP and PVC. It is recommended that the user pretest before use to verify compatibility with all substrates, inks and coatings.
